

Telling o'clock Time Match Cards

What are you trying to do?

- Match analogue and digital times for o'clock
- Identify 1 hour before and after a given time

What do you need?

- *Telling the Time Match* cards, cut up and shuffled
- An analogue and a digital clock to demonstrate matching times (optional)

What do you do?

- Select a card at random. Discuss 5 or more different things that you might do at that time. Talk about whether your time is in the morning, afternoon or night.

e.g.

4 o'clock

 and

4:00

- Challenge a random student to say the time 1 hour before this time. Is there anything you would do differently if it was 1 hour earlier?
- Challenge a random student to say the time 1 hour after this time. Is there anything you would do differently if it was 1 hour later?

Variation?

- Challenge students to say the time 2 hours before or after the given time.
- Challenge students to say the time half an hour before or after the given time.
